

The Light Source

Custom Stamp, Custom Laser Marking

Have your name/logo custom stamped or laser etched on these select products:

Mega-Combo Wrenches
Mega-Clamps
Mega-Claws
Slim Claws
TC clamps.

Stamps:

Because of product shape differences, each different product may require a separate stamp.

Stamps are custom made and priced per application.

Stamps can only be used on product with a flat surface.

Laser Marking:

Laser marking has an initial fee to set up the laser art work.

Logo artwork needs to be in a PNG file. We will email a photo of the first part for your approval.

Laser marking will work on certain items with curved surfaces.

After the stamp or laser art work has been purchased, there is no additional fee to have minimum quantities of 96 or more of the same product stamped or laser etched.

Quantities of less than 96 require a \$10.00 set up fee and a charge of \$1.00 per part.
